Description: Does your handwriting reflect the image you want to project?The way you write mirrors your mood and character. It is one of the main ways in which you communicate with the world, and the clarity and technique of your writing will be interpreted by others in many ways.This practical and informative book will help you to improve your handwriting and find...

Review: This is a cool little book, a very satisfying and useful look at the mechanics of handwriting. Other books teach particular sets of letterforms. This book does that, too -- with a template that emphasizes ergonomics and legibility. But the authors maintain that perfectly copied letterforms look immature, and an adult hand will have been customized to...
